## Reports:

Ed Barnett gave a report on the water situation. The alternative since we cannot have our own water plant is to pump to Georgetown but this cost is also prohibitive. Due to lack of report from Georgetown, the Board of Health could not report. A letter will be written to the State Board of Health to be advised of our water situation in Georgetown, we would like to be on our own.

Doug Binder gave a report on June 11. A motion picture was made either by him or by someone else. A motion picture was made for the stolen car. V. E. Miller gave a motion picture seconded by Jack Spangler to purchase a report for \$500.00, that would be a report on the stolen car.

Bob Vold gave a report on the water situation. A report was made for the stolen car. (Motion picture). A motion picture request.

Mr. and Mrs. Vold gave a report on the water situation. Tank draining from their property. We cannot help but did suggest a call to Mr. Binders, head of the Board of Health.
